Each team that participates in MCM/ICM will receive a certificate at the completion of the contest. The certificate will be printed with the names of the students and the name of the institution. These names will appear on the certificate exactly as they appear below --- with exactly the same capitalization and punctuation, if any. Please check the spelling to verify that it is exactly as it should be, and if any changes are needed, make them by clicking **Make Changes** where appropriate.

COMAP treats the MCM/ICM contest as a true team competition. We recognize and reward all team members equally. The listing of names on the certificates has NO bearing on the individual contributions. We assume that ALL participants make equal efforts toward the final submission.

When you are satisfied with the way the names will appear on the certificate, click the **Accept Values** button.
